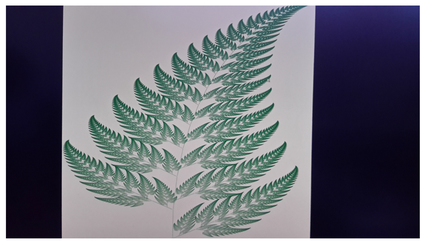
"Blood and bone and bracken" - The cth e

Bracken

How does it grow?

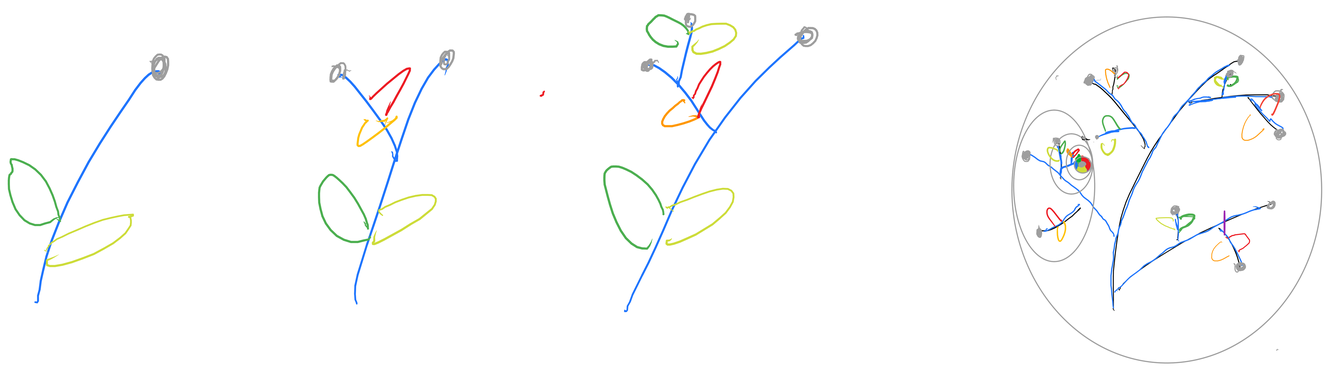
Barnsley fern algorithm



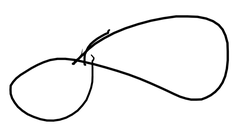
The Barnsly fern alg uses four affine transformations

1. draw the stem alphe
2. left frond lyra
3. righ frond lanre
4. one to pick a new starting point Selitos

watch it grow



inward on itsef for ever



negative infinty

What if you stop step 4?

Now the plant cannot grow.

you have stopped creation.

"Jae/alphe stole the moon/selitos that sparked the creation war" -
